

# TESTING REPORT

Testing signup page :Successfully able to sign-up upon filling details accurately.  
Results as expected

The image shows a dark-themed user interface for a signup page. At the top, the word "SIGNUP" is displayed in large, white, bold capital letters. Below this, there are five input fields, each with a small icon on the left: a person icon for the name field (containing "Sports Store"), an envelope icon for the email field (containing "ankith@gmail.com"), a telephone handset icon for the phone field (containing "8765432134"), a padlock icon for the password field (containing five dots), and a document with a checkmark icon for the OTP field (containing "45T12345"). The password field has a light blue highlight on its right side. Below the input fields is a solid blue button with the text "CREATE ACCOUNT" in white capital letters. At the bottom, the text "Already have an account?" is followed by a blue link labeled "Login".

We are able to sign-up even when we are providing inappropriate mobile no and mail addresses, without any warnings.

Results not matching expected output

The image shows a user registration form with a dark background. The form is titled "SIGNUP" in large, bold, white capital letters. Below the title, there are five input fields, each with a white icon on the left and a white text input area. The first field has a person icon and the text "Store". The second field has an envelope icon and the text "tejesh11@gmail.com". The third field has a telephone icon and the text "11112789000". The fourth field has a lock icon and five dots, indicating a password field. The fifth field has an ID card icon and the text "2344567". Below these fields is a large blue button with the text "CREATE ACCOUNT" in white capital letters. At the bottom of the form, there is a link that says "Already have an account? Login", where "Login" is in blue text.

Even upon entering invalid mail-id we are getting a success message, result is not matching expected output

The screenshot shows a web application interface for a bookstore. On the left is a sidebar with a user profile picture and the text "BOOKSTORE". Below this is a "HOME" link and a section titled "OPERATIONS" containing links for "Update Profile", "Create Bill", "Manage Bill", "Generate Report", "Product Shorthand", and "Giveaway Generator", followed by a "Logout" button. The main content area has a dark blue background. At the top, a white modal box displays "localhost says" and "Success" with an "OK" button. Below the modal, there's a "MENU" button and a "+ NEW BILL" button. The form contains several input fields: "Bill no." with the value "9", "Mode" with a dropdown set to "Cash", "Name" with "Walter", "Address" with "USA", "Mobile No." with "9088881234", and "Email" with "aaaaaerrrt@gmail.co". At the bottom of the form, there are fields for "Code" (a dropdown), "Item" (a text input), "Qty" with "0", and "Price" with "0", along with an "Add" button.
